And speaking of that, the world's greatest newspaper has probably been informed by its New York correspondent that there is a great deal of betting and the odds favor Boston, 8 to 5. Well, listen, as Bud Fisher says, I was up in John Doyle's billiard parior today and John Doyle's billiard parior today and John Doyle's billiard parior today and about the betting on everything, and the betting on everything, and the betting on the world's series is nothing to nothing. Religion, Israel declared again and again, must be the dynamic power of life, to enable Mo, to supply a moral content to life on earth, to inspire man with the highest ideals in life, and to kindle in the heart of man a burning desire for a life on earth, that is holy, pure and upright.
